BUILDING OUR FUTURE

October 2018

Start of interchange work at Tyndale

Roads and Maritime Services, Pacific Complete and its contractor partners are working together to deliver the Woolgoolga to Ballina Pacific Highway upgrade.

The project team will be starting work on the northern interchange at Tyndale from November 2018 and this work will take about four months to complete, weather permitting. We have included a map to show the location of this work and an artist's impression of the interchange.

Interchange work at Tyndale will involve:

- Carrying out earthwork and paving for the upgrade and the connections to the ramps and the existing road
- Installing traffic barriers
- Finishing work, including signage, line marking and landscaping.

How we manage our work

The project team will use machinery that generates noise, light and vibration. To manage this work we will:

- Turn-off machinery when not in use
- Direct temporary lighting down and away from homes
- Fit equipment with devices to minimise noise, particularly reversing squawkers
- Monitor noise so we can manage any potential impacts and adjust our work as required.

All work will be carried out in line with the project's Conditions of Approval and Construction Environmental Management Plan.

Approved construction hours

Monday to Friday 7am–6pm

Saturday 8am–5am

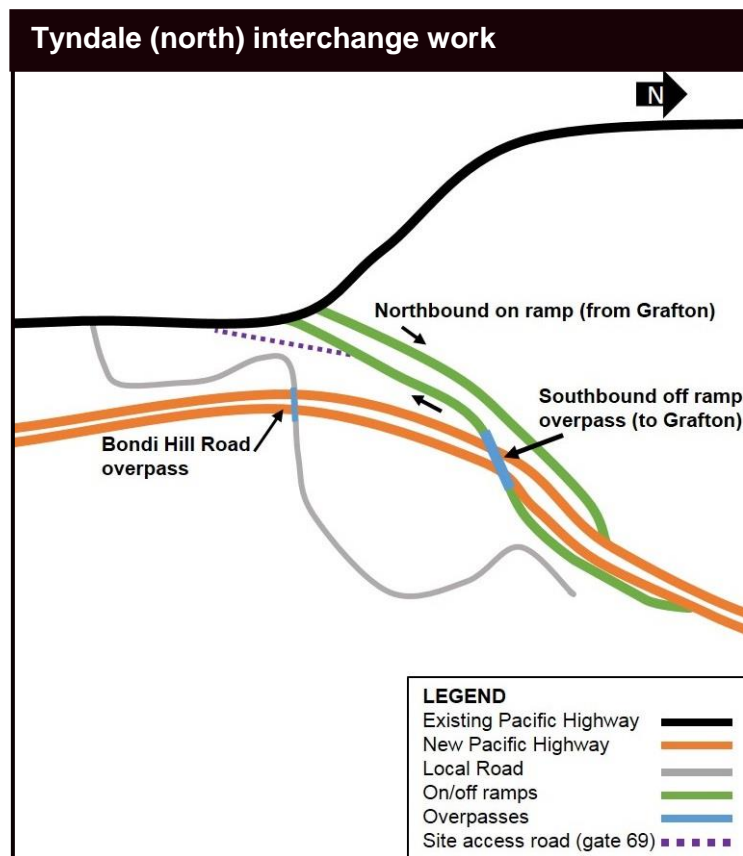

In areas where residents live more than 200 metres from the work, extended approved work hours are allowed between 6am and 7am and 6pm and 7pm from Monday to Friday. No work will be carried on Sunday or a public holiday.

Traffic changes

There will be some temporary traffic changes and lane closures that may affect travel times. Please keep to speed limits and follow the direction of traffic controllers and signs. Motorists are encouraged to remember PAC – Plan, Awareness, Caution. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW app.

We apologise for any inconvenience and thank you for your patience during this important work.
