

June 2019

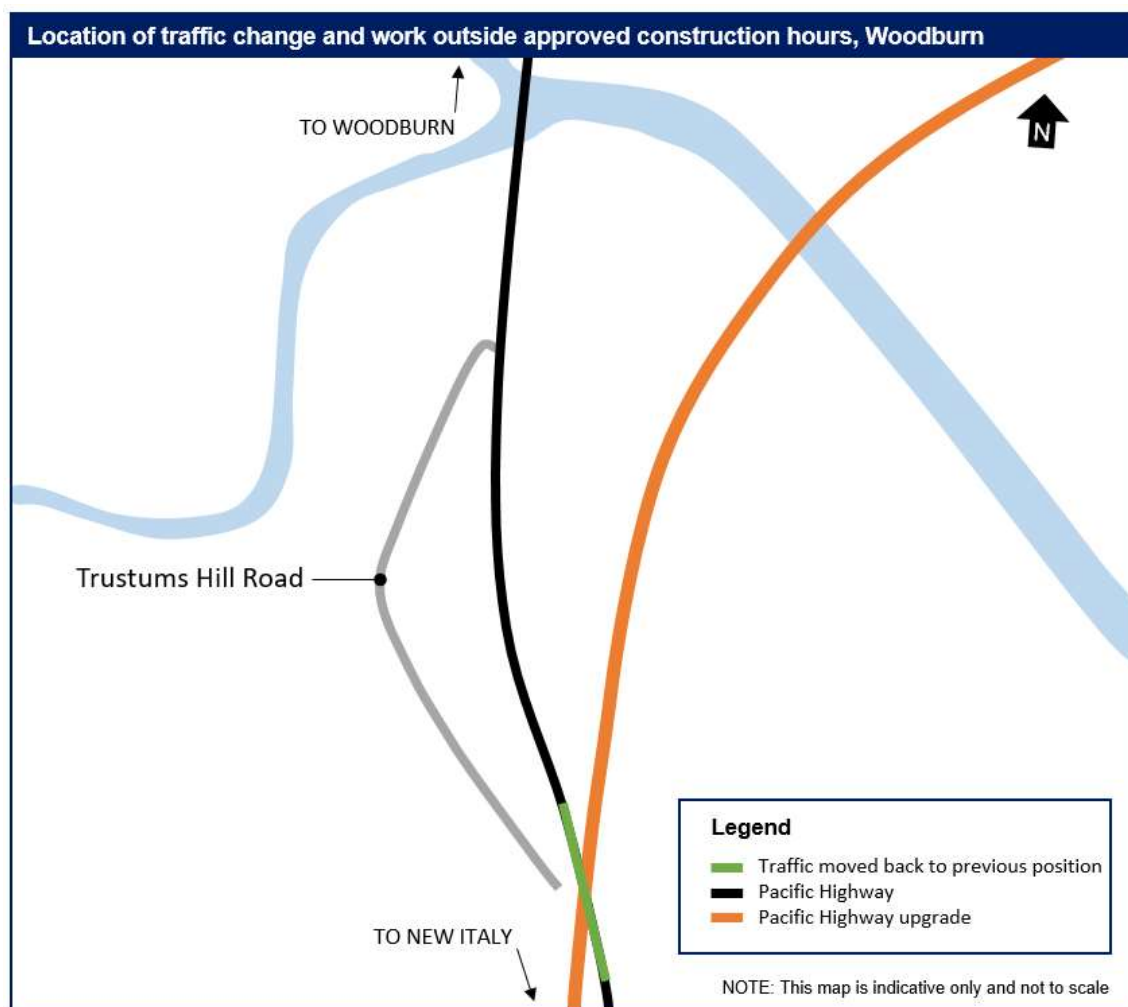

Temporary traffic change on Pacific Highway, Woodburn

Roads and Maritime Services, Pacific Complete and its contractor partners are working together to deliver the Woolgoolga to Ballina Pacific Highway upgrade.

As part of building the upgrade, the Pacific Highway was temporarily moved about nine metres west, near the southern end of Trustums Hill Road, Woodburn.

This traffic arrangement allowed us to maintain capacity on the road network while we safely continued to install drainage. As this work is now complete, from July, the Pacific Highway will be moved about nine metres east to its original location.

Motorists will be kept informed about dates for this traffic change through electronic message signs and livetraffic.com.au. Access to private properties will be maintained at all times.

How we manage our work

The project team will use machinery that generates noise, light and vibration. To manage this work, we will:

- turn-off machinery when not in use
- direct temporary lighting down and away from homes
- plan activities close to residents to coincide with normal working hours, where possible
- fit equipment with devices to minimise noise, particularly reversing squawkers
- monitor noise so we can manage any potential impacts and adjust the work activity as required

All work will be carried out in line with the project's Conditions of Approval and Construction Environmental Management Plan.

Work hours

Typically work will be carried out during the project's approved construction hours, which are:

Approved construction hours	
Monday to Friday 7am–6pm	
Saturday 8am–5pm	

In areas where residents live more than 200 metres from the work, extended work hours are allowed between 6am and 7am and 6pm and 7pm from Monday to Friday. No work will be carried on Sunday or a public holiday.

Work outside of approved construction hours

To complete the traffic change, work is required outside approved construction hours for technical reasons. This work is planned for up to six nights, Monday to Friday between 6pm and 7am, weather permitting.

Building next to, over and on existing roads, means traffic maybe stopped or reduced to one lane while work is carried out. By working at night, delays are minimised and journey times for motorists are less affected.

Traffic changes

To manage queuing and safety, there will be some temporary traffic changes. Please keep to speed limits and follow the direction of traffic controllers and signs. Motorists are encouraged to remember PAC – Plan, Awareness, Caution. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW app.

We apologise for any inconvenience and thank you for your patience during this important work.
