

Vegetation maintenance and removal on the Pacific Highway, Korora

Coffs Harbour bypass

February 2024

Transport for NSW acknowledges the Gumbaynggirr people as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

The Australian and NSW Governments are funding the \$2.2 billion, 14-kilometre Coffs Harbour bypass project. The bypass will boost the regional economy and improve connectivity, road transport efficiency and safety for all motorists.

What work are we doing?

As part of major construction, the Coffs Harbour bypass project is carrying out maintenance and removal of vegetation on the Pacific Highway between south of West Korora Road and Bruxner Park Road.

When and where we'll be working

Vegetation maintenance and removal along the Pacific Highway in this area will be carried out for one night on **Tuesday 20 February 2024** from **7pm to 6am**. If rain interrupts, it will be completed the following night.

What will this mean for you?

During this work, there will be a single temporary lane closure on both the Pacific Highway northbound and southbound carriageways between West Korora Road and Bruxner Park Road.

Removing vegetation requires chainsaws, an excavator, slasher, light and heavy vehicles, and lighting towers.

Managing our impacts

To minimise noise impacts, we will switch off vehicles and equipment when not in use and work closer to residential properties and undertake noisier work earlier in the night, where possible.

The predicted noise level for this work is quiet to noisy. We have provided a diagram to show the comparison of these noise levels on the following page.

During night work, there will be speed reductions, lane closures and traffic control on the highway to ensure the safety of workers and motorists. Please keep to the speed limit and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit [livetraffic.com](https://www.livetraffic.com) or download the Live Traffic NSW App.

Current and future work

Construction in this area includes:

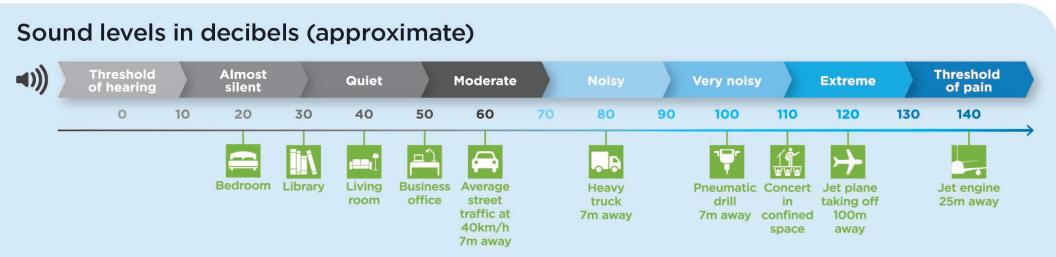

- Out of hours work including building pavement, removing vegetation and median, relocating barriers, installing signs and line marking and traffic switches
- Out of hours periodic street sweeping on the Pacific Highway and geotechnical investigations
- Out of hours truck deliveries to sites on Old Coast Road, Bruxner Park Road, and West Korora Road
- Out of hours refuelling and plant maintenance
- Out of hours internal haulage route and environmental controls maintenance
- Building of bridges and retaining walls including out of hours concrete deliveries and pouring
- Carrying out bulk earthworks and installing culverts and drains
- Controlled blasting for tunnels and cuts
- Installing and relocating fencing
- Revegetating areas within the project boundary.
